- ✓ A seed type for every situation

**Protects**   
against grass grub during establishment

# NZ'S FAST ESTABLISHING **SUPERSTRIKE**<sup>®</sup> LAWN SEED

Tui Superstrike seed protection is a revolutionary treatment which encourages fast germination of lawn seed; 7 days under suitable growing conditions.

The unique treatment protects the seed from insects – including Grass Grub, Argentine Stem Weevil and Black Beetle – as well as seedling fungal diseases for up to 6 weeks during plant establishment.

Seed is coloured and contains a taste deterrent to assist in deterring birds from stealing seed.

The Tui Superstrike® Lawn Seed range contains a seed type for every situation, whether you require a low maintenance lawn, something hardy for summer sports or a lawn in a shady area.

### Superstrike Easy Care

Produces a fast establishing but slow growing lawn for less mowing and maintenance.

Mix of Fine Turf Ryegrass and Turf Fescue for fine-medium textured lawn.

*Available sizes: 2.5kg and 750g*

### Superstrike Hardwearing

Suitable for hard to grow/high traffic areas like playgrounds, backyards and driveways.

Mix of Turf Fescue, Ryegrass and Browntop seed for a hard wearing, resilient lawn.

*Available sizes: 2.5kg and 750g*

### Superstrike Hot N Dry

Establishes deep roots, and has high drought tolerance so is great for sandy and coastal locations.

Mix of Fescues, Kentucky Bluegrass and Fine Turf Rye for a hard wearing, resilient lawn.

*Available size: 750g*

### Superstrike Shady Places

Apply to areas that receive less sunlight such as under trees or in constant semi shade. Mix of Fescue seeds for a fine textured lawn.

*Available size: 750g*

### Superstrike Superfine

Produces a fine, ornamental lawn that is slow growing once established for less mowing and maintenance.

Mix of Turf Fescue and Browntop seed for a fine textured lawn.

*Available size: 750g*

### Superstrike Patch pack

Repairs and enhances damaged or bare areas in existing lawns.

Mix of Fine Turf Ryegrass and Turf Fescue for fine-medium textured lawn.

*Available size: 200g*

*2.5kg covers 100 square meters*

*750g covers 30 square meters*

*200g covers 8 square metres*
